People	Apps are an easy way to add new features to Canvas. They can be added to individual courses, or to all courses in an account.					
Pages	Once configured, you can link to them through course modules and create assignments for assessment tools. See some LTI tools that work great with Canvas.

	🕀 Add App	Instructors and/or peers leave automatically time-coded text, video or audio feedback. Assignments are given a score or graded using easily-customized rubrics. Reports allow	
	« Back to App Center	you to track and measure student outcomes. You'll be amazed at how easy it is and the impact on student outcomes.	

## Create a GoReact Assignment

1. In Canvas, create an **Assignment** as normal. Give your assignment a name, then under **Submission Type**, select **External Tool**.

2. Click in the **External Tool URL** field to bring up the **Configure External Tool** dialog box, and select **GoReact**. **Save** or **Save and Publish** the assignment.

Display Grade as	Points   No Submission Online	Configure External Tool
Submission Type	Childe On Paper ✓ External Tool Options External Tool URL Children Load This Tool In A New Tab	Select a tool from the list below, or enter a URL for an external tool you already know is configured with Basic LTI to add a link to it to this module. GoReact GoReact is the #1 tool for teaching performance-based skills online, now available natively within Canvas.
		Cancel Select

3. Select the **Activity Type** and options you'd like, then click **Done**. *Viola!* As students submit recordings you can critique and grade them right here.
