

Social Software for Teaching

What the PC plus the Internet plus the search engine did for web pages, was to “enable anyone with connectivity to find anything that interests them.”

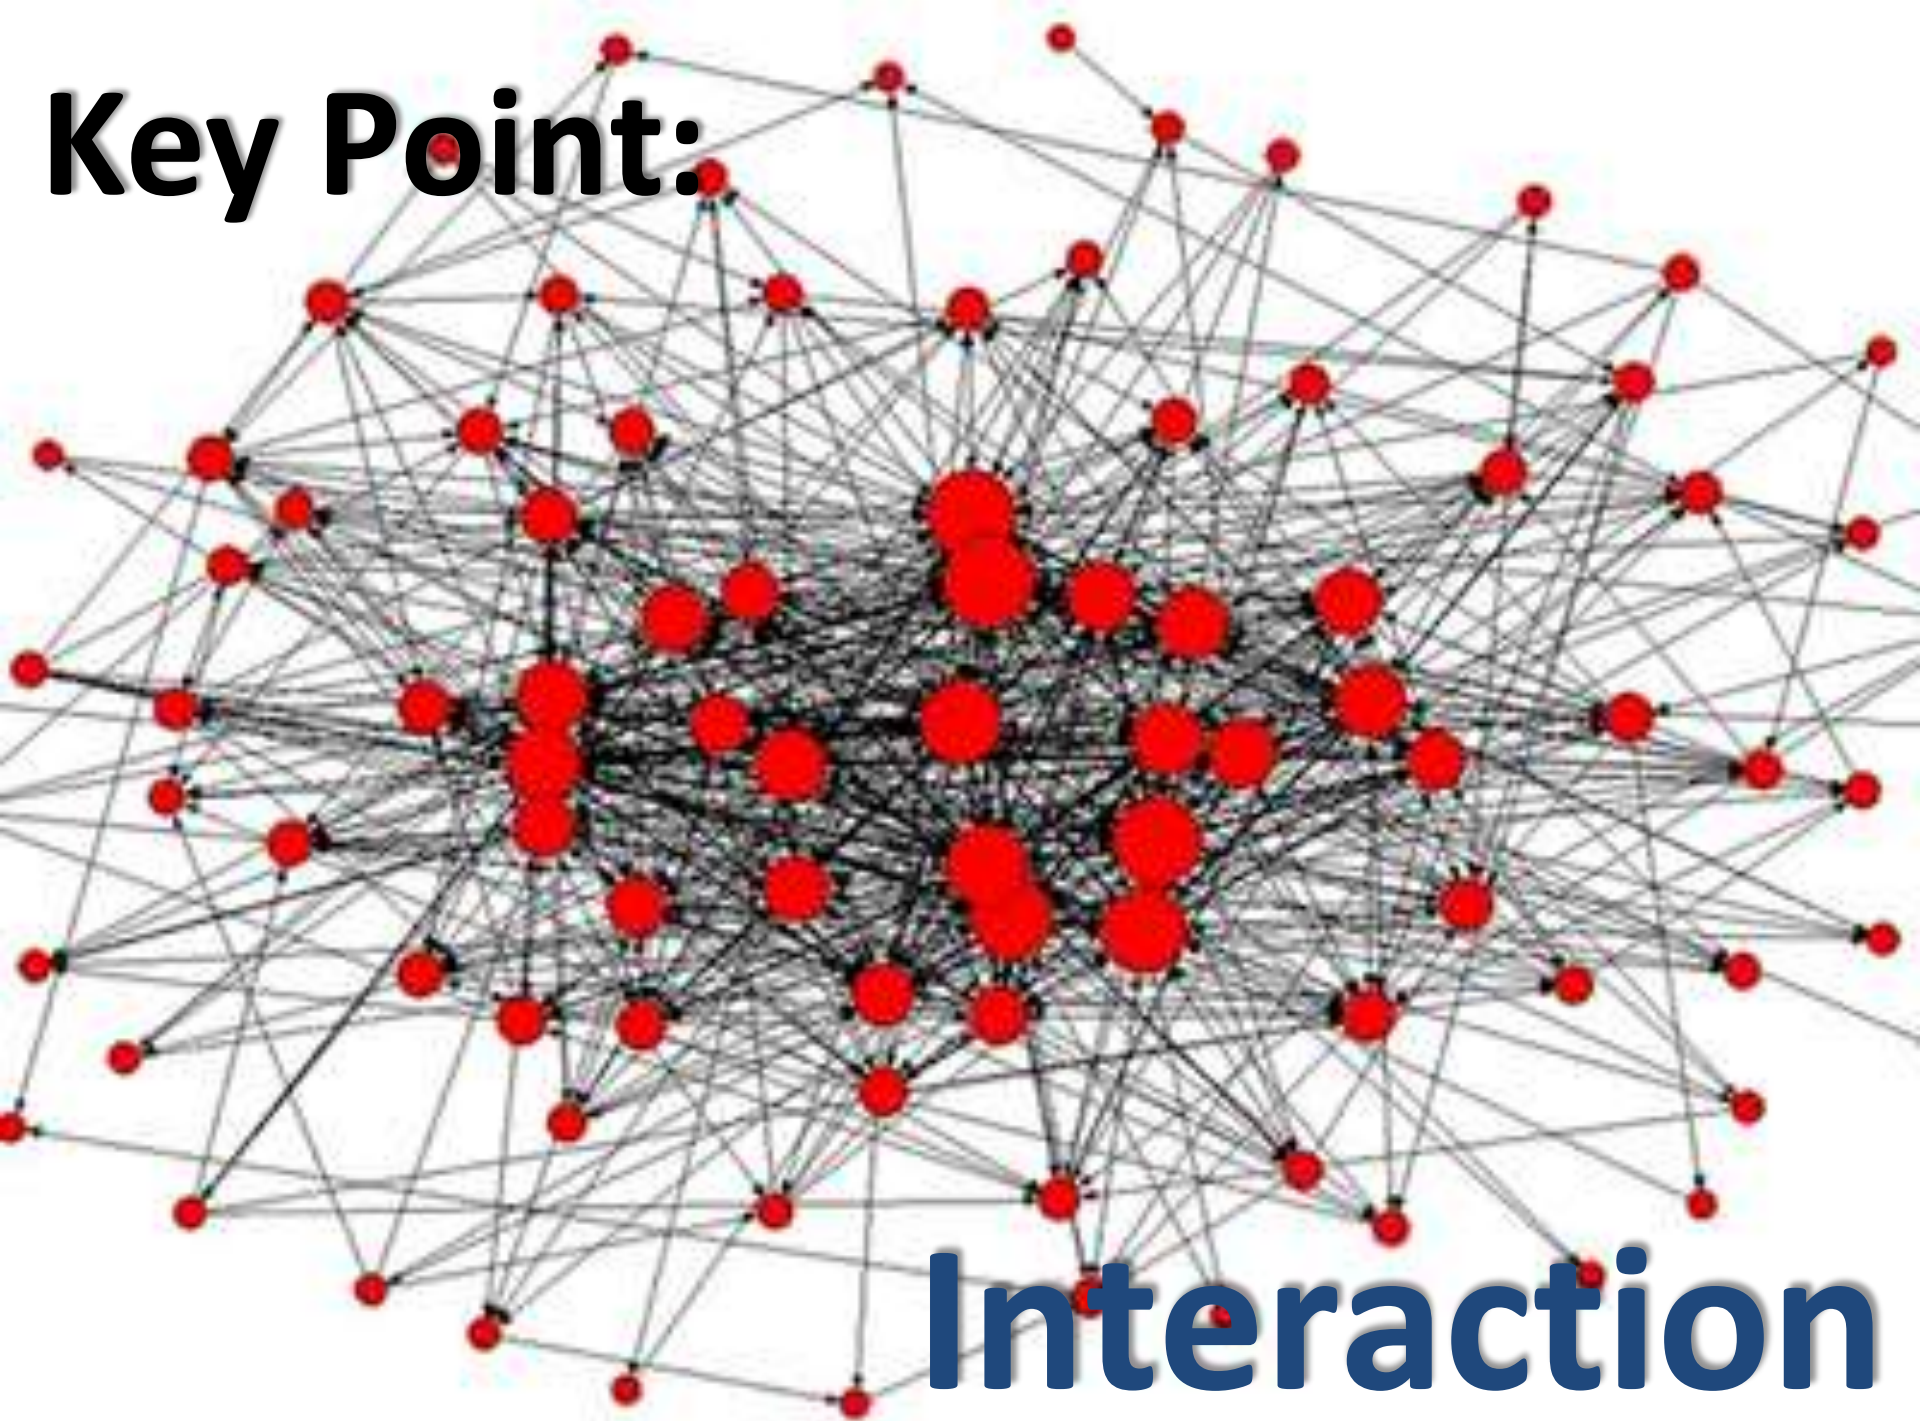

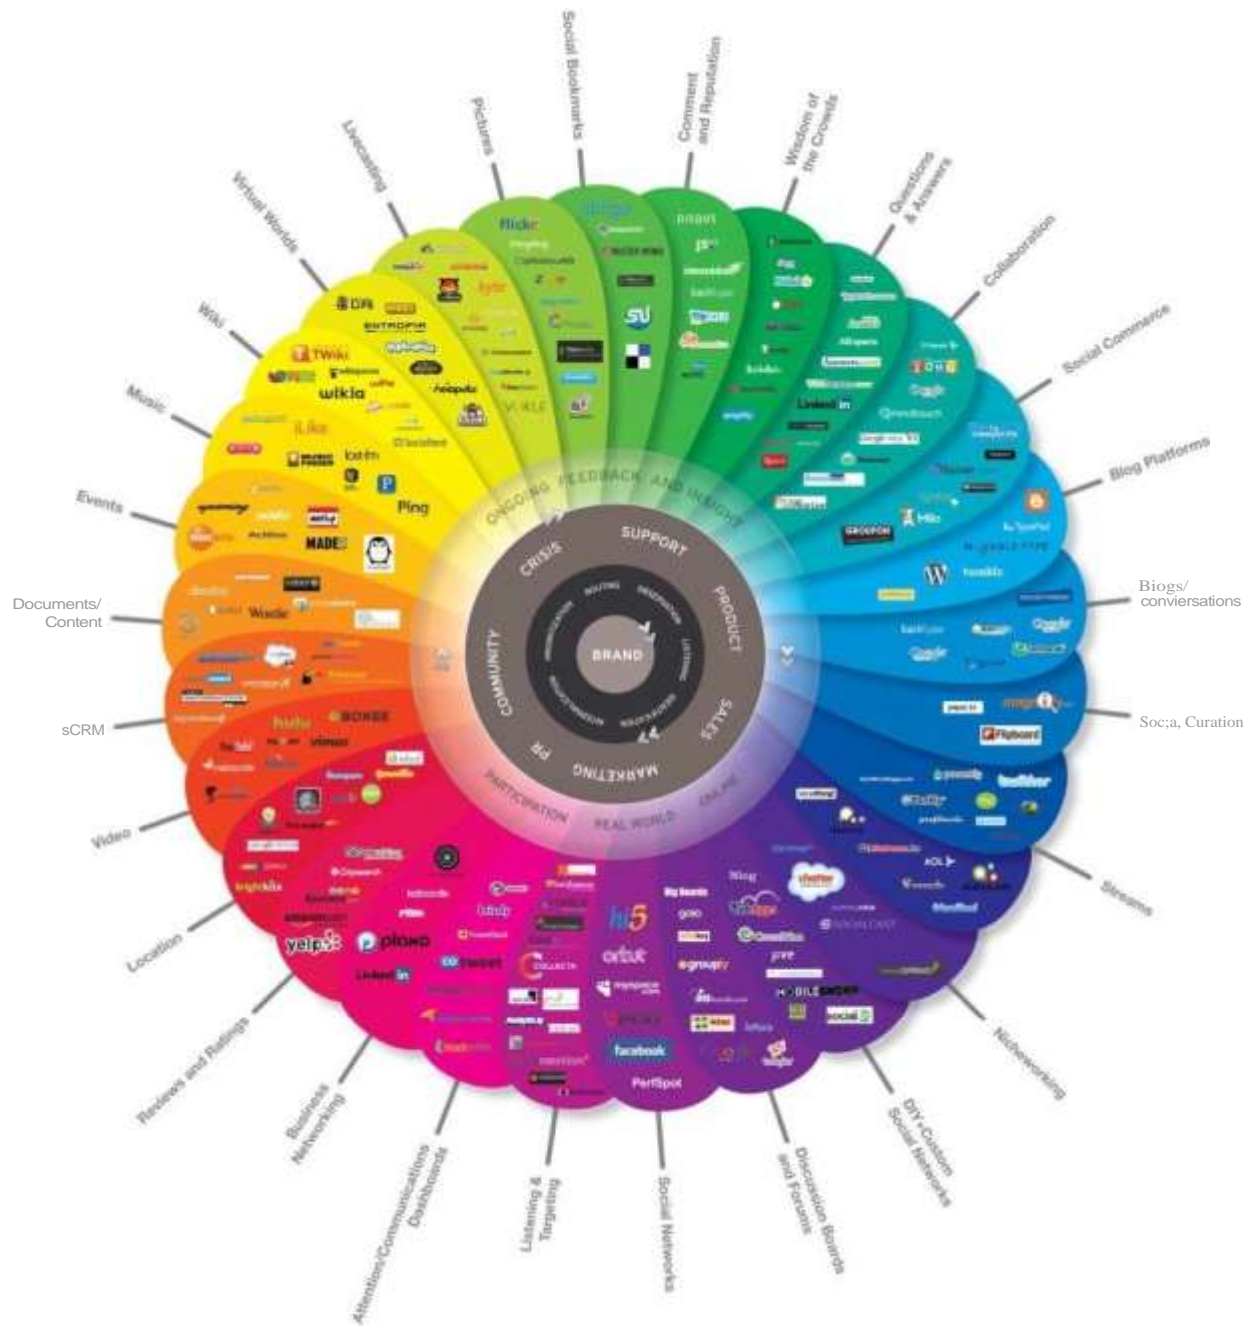

What the PC and the Smartphone plus the Internet plus Facebook is doing is to “enable anyone with connectivity to find anyone who interests them.”

Craig Mundie, Chief Strategy & Research Officer, Microsoft

Stacey Glazer @sarah - it is GIANT! plus i also have to worry about getting 2 cats down 3 flights of stairs if need be...

5 hours ago · Like

Jenni Lonberg Have you heard anything more about the fire at Slaughter and Manchaca? I still haven't seen/heard anything (other than here) about it.

New Paper: "Salience vs. Commitment: Dynamics of Political Hashtags in Russian Twitter"

Building off our recent mapping of Russian Twitter, in this paper we analyze the dynamics of political hashtags representing a range of political issues and big news stories--from terrorist bombings, to pro-government issues, to topics preferred by the opposition. [more >](#)
